Software fees

Support is only for maintenance and upgrades with these publishers. Unlimited support is extra fee. Client should contact reseller to find out how much it cost for publishers support

Most extra modules are supported by third party resellers that are selling the publishers applications. There are additional support and maintenance fees for third party applications. **MAS 200.**
Great Plains,
ACCPAC

Plus & Minus
Support on Plus & Minus includes additional training, unlimited client support, upgrades and new features .
